Mr. Ocock

Mr. Ocock establishes a personal connection with all of his students, surrounding them with a sense of comfort each time they enter the chorus hall. "It's a place where everybody feels safe, welcome, and confident," says senior Steve O'Reilly. Mr. Ocock has helped to create a tradition of excellence in the Music Department while building unbreakable bonds with his students. Always putting others before himself, "Mr. O" shows his students how passionate and dedicated he is to teaching music.

After the loss of his wife Marybeth earlier this school year, Mr. O draws from his personal life to model that loss is a part of life, something that everyone ultimately faces. Even through his personal grief, Mr. Ocock was still able to put a genuine smile on his face that expresses his love and dedication to his work.

As a sign of the love and appreciation they feel for him, his students orchestrated a performance of "Homeward Bound," a personal favorite of his. "It was inspiring to see all of the students of the chorus hall come together and show support for our beloved teacher and friend in his time of need," reflected AJ Marks. Mr Ocock continues to be an inspiration to his students, and a valued member of the Masconomet community.

"We owe so much to Mr. O for being a wonderful teacher, friend, and father figure in our lives. We love you Mr. O!" - The Chorus Classes

Retirees

After attending eight different universities and colleges spanning a period of 12 years, Russ Felt joined the Foreign Language Department at Masconomet Middle School. Mr. Felt has been a positive addition to the Masco community for the past 25 years. He enjoys interacting with students during class and considers everyday a new challenge. Felt has loved helping students find their way through learning a new language. Originally planning on "dying on the job," Mr. Felt is leaving Masconomet to spend time with his four and seven year old grandchildren. After retirement, Russ also looks forward to playing the piano, spending time with his German Shepard, and fixing old houses.

Russ Felt

Roberta Freshman has been a beneficial addition to the Masconomet Middle School Special Needs Department for the last twenty three years. After graduating college in 1984, Roberta began working at Masconomet as a speech and language pathologist. Looking back on her time here, Ms. Freshman remembers years of memories and fond times. Freshman enjoyed working with students and always hoped to help to improve their language. She always looked forward to watching the graduation of the students, who she worked with for six years. Roberta's most memorable experience at Masconomet was moving to the new building in 1999. After retirement, Roberta plans to travel, cook, read and spend time with her family.

Roberta Freshman

In 1998, after leaving her previous teaching job, Deborah Markos decided to join the Masconomet Science Department. Looking back at her seventeen years spent teaching here, she remarks on how joining the staff was the best decision she has ever made. Her passion for helping freshmen students understand physics, through labs and different activities, made her job enjoyable. In her retirement, she hopes to explore her artistic side by taking art and horticulture classes.

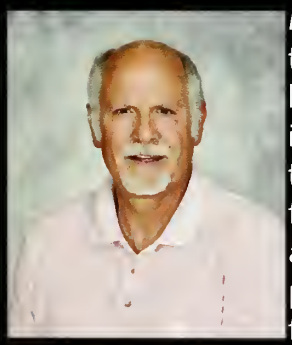
Debrah Markos

After teaching at Bradford College until its closure in 2000, Joanne Megna-Wallace joined the Masconomet Foreign Language Department. Megna-Wallace graduated from the University of Delaware and continued on to the University of North Carolina-Chapel Hill for her master's and doctorate degree. Having spent fourteen years at Masconomet, Megna-Wallace enjoyed the challenge of looking for new and creative ways to engage students in learning French. Some of her most memorable moments at Masconomet were introducing students to new countries and cultures by taking them to Quebec and abroad to France. After retiring, she hopes to find a part-time job and participate in her favorite hobbies, which include bird watching, photography, quilting, and bridge.

Joanne Megna-Wallace

Connie Mosher was a guidance counselor for students in the Masconomet school system for twenty three years. First coming to Masconomet to fill in for a maternity leave, she was ecstatic when asked to return the following year. During her career, she had the opportunity to witness the development of her students and help them grow throughout their high school years, which she described as a fulfilling and exciting experience. Working closely with colleagues and students, she made life-long friends who share the same sense of humor and goals. Leaving with fond memories, Mrs. Mosher will be pursing other hobbies after retirement such as photography, exploring, and finally getting the chance to relax.

Connie Mosher



Mr. Picillo was an educator at Masconomet for twenty two years. Although he left teaching and coaching for a number of years to work in the private sector, he was drawn back by his love for teaching. He received a position as an Earth Science teacher at Masco in 1994 and became the head coach of Boys Track and Field a year later. He continued to do both throughout the rest of his years at Masco. He appreciated his time at Masco for exposing him to the diversity and wealth of talent possessed by both the students and faculty-whether it be academically, athletically, or artistically. After retiring, Mr. Picillo plans to take some of the trips he and his wife always dreamed of, but never had time for, as well as enjoying his hobbies such as hiking, fishing, wood-working and reading.

Dana Picillo

Starting in August of 2004, Barbara Sanborn was a wonderful addition to the Central Office team. Through her interactive job where relationships were made, Barbara and her colleagues created timeless memories filled with smiles and laughs. One of the most memorable moments she experienced was on a summer morning. When driving into school, she noticed a couple of tents outside of the building. After dealing with the campers, a comical memory of the "Masconomet Campground and Resort" was made. During retirement, as well as relaxing with her family, Barbara plans to walk local rail trails with her family and do volunteer work with the elderly.

The 2015 Masconomet Yearbook staff is very excited about this, the 56th edition of MiToBo. This edition utilizes design elements to synthesize a coherently constructed layout that emphasizes content over style. Working as a tightly-knit unit, each member contributes a slightly different "shade" with their special qualities and talents. One of the design elements that appears throughout the book is the black to white gradient. Although there is also the obvious reference to E.L. James' novel *Fifty Shades of Grey* in this section, it is only in the title, and is void of any visual or literal references. Currently, we are putting the finishing touches on the yearbook, with only a few pages left. Throughout the process, we worked hard, laughed a lot, got angry at times, but generally became a pretty close group of friends. Ultimately, the day will come when the books arrive in their brown cardboard boxes, and we will all grab one, take it into a nook or corner, and start to furiously find the obvious mistakes that we are currently overlooking. By the time you're reading this, you will probably know what those mistakes are, but rest assured, we don't know at this moment. And *that's* what makes our yearbook so perfect right now…

Mr. Tierney is the advisor for the Class of 2017, one he describes as full of energy and fun to be around. He was inspired to become a class advisor through his work with students, and young leaders in particular. Mr. Tierney is looking foward to seeing his class grow over the next two years, forming bonds with one another on a more personal level.

"When you can look back over the course of weeks, months and years and realize that you have had a measured impact on lives, that is the most rewarding part of being a class advisor."

Mr. Serino is the advisor for the Class of 2016. He describes his class as ready and willing to actively participate in events. They make it a point to band together in support for classmates in need. On the first day of freshman year, Mr. Serino made it his goal to create strong bonds between the junior class and he has watched those bonds form over the past three years. It is an exciting feeling as he and his class move closer towards walking across the stage at graduation next year.

Masconomet's Model United Nations program is an opportunity for selected students from all grades to debate like delegates, simulating the UN committees. Masco's Model UN debates current and historical events alongside highschools from around the world. Being in this club involves a substantial amount of researching, public speaking skills, leadership, and teamwork abilities. It is a great way for students to involve their opinions on real world matters.

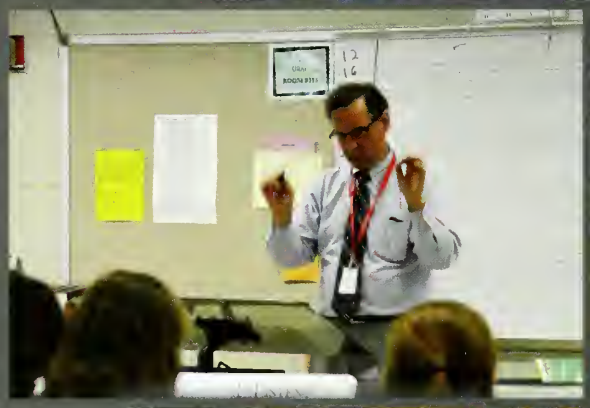
Masconomet's Student Council is a selected group of students voted by the Advisory Board. They are in charge of planning multiple fundraisers and school events throughout the year. The members are working in a partnership with school management, Masco's staff, and their parents for the benefit of the student body. They help create opportunities for all grades to come together and help make every high school experience much more enjoyable.

Band



What do you like most about band?

Jess Kroll: In band we're all one big family and I always look forward to coming to this class everyday. The atmosphere is always upbeat and happy throughout the band room.

Whats your favorite part of band?

Allan Edwards: My favorite part of band is getting to perform in the many functions. Also, I enjoy getting to be around other music lovers and an awesome teacher.

How would you describe the atmosphere in the band?

Melina Popescu: Everyone is so friendly and hardworking, but at the same time, playing music is very relaxing.

Chorus

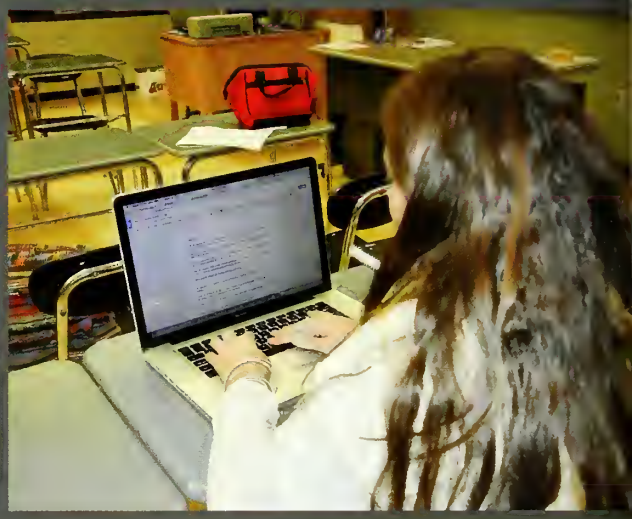
AJ Marks:
"My favorite thing about chorus is how it serves as one home for everyone who shares the same interest. It's one big community that I love going to everyday."

Throughout the year, chorus members have had mutiple concerts in both the spring and winter. They also partook in trips to nursing homes and local events, such as the Topsfield Tree Lighting. Each year, some members of the chorus audition for Districts, and even advance to All States. In addition to the regular chorus classes, there are two student-run acapella groups, the Treblemakers and the Chieftones,who perform at different school events, holiday parties, and community events.

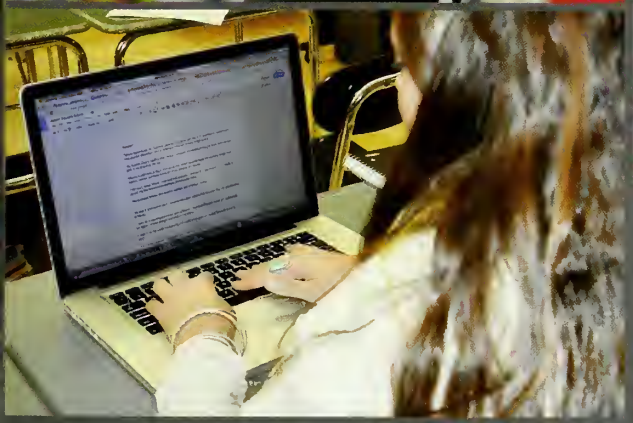
Julia Marshall:
"Mr. O has made my time at Masco so meaningful, and I am so happy that I have him in my life. I know that I wouldn't be the person or performer I am today without him."

Chorus instructor **Mr. Ocock** experienced an unfortunate loss of his wife in 2014 due to cancer. Members of chorus planned a tribute for him to help lift his spirits. **Maddie Carr:** "We worked together to perform a song, Homeward Bound, for Mr. O as a way to show him how much we care about him. We also compiled a video full of messages of support from both his past and present students. "

Media & Journalism



Senior Sam Gordon has a passion for this class and wants to continue this as a career. He says, "It helped me become the person I am today and voice my opinion. Not only will I personally miss the Patriots update, but I hope that I will never be forgotten. I am so grateful for the time I got to spend on the segment."



Sophomore Nicole Villani says, "I joined the class this year to pursue my passion of writing. I love the feeling of knowing that all my work pays off when I see my own articles published in the newspaper for everyone to see." She recommends for everyone to take the class either with or without journalism experience.

Chieftain Chronicle and the Morning Update are Media Communications classes available to Sophomores, Juniors, and Seniors, where they can write and produce current events and news for all of the Masco community. They are able to experience what a career in journalism would be like. These students also work together to write The Cheiftan Chronicle, the most reliable paper for students and staff.

Drama Presents...

WIT

What have you learned by being in the play?

Victoria Malarczyk: "Drama is a way for me to embody someone else and act out different personalities. I love being onstage and would never give that up for anything else. WIT has helped me feel the pain that both a patient and a family member can feel due to cancer."

Cast: Margaret Berenson, Thomas Casey, Ezrie Carr, Madeline Carr, Kira Clark, Elizabeth Glejzer, John Jacoby, Diana Konarski, Victoria Malarczyk (lead), AJ Marks, Annie Messenger, Sarah Scherbak

What is your favorite aspect of drama?

Sarah Scherbak: "Being involved in drama, especially in WIT, has been an incredible learning experience. I love taking on a role that is often so different from myself and telling a story to an audience."

How has drama made an impact on your life?

Annie Messenger: "Drama has made me realize how important adopting different roles and being open-minded is. Theater is an opportunity to be someone else for a while and to escape from the stress of everyday life."

Peer Leading

How do you think Peer Leading helps freshmen transition into their highschool career? "I think Peer Leading gives freshmen a big group of upperclassmen to look up to as role models. Peer Leading is about trying to get freshmen to look at things in a different perspective and take advantage of the oppurtunities Masco offers." -Senior **Greg Dougherty**

What does being a Peer Leading captain mean to you? "Being a Peer Leading captain is such an honor. The program means so much to me because it is incredible to be a part of a group that helps others. I remember being a freshman, I was so lost and confused and knew nothing about what "high school" was with all of these "big kids". But the peer leaders helped me transition so smoothly and I am so grateful. It's our time to lead by example and keep up the positive attitudes." Senior **Makayla Scalli**

At the age of nine, **Maddie Santosuosso** was diagnosed with stage 4 Sarcoma. Currently a fourth grader at Proctor Elementary School in Topsfield, Maddie underwent treatment and is now in remission. On October 18th, 2014 Maddie joined the freshmen class and their peer leaders on a walk to raise money for the Make A Wish Foundation. The decision to dedicate the "Masco in Motion" proceeds to the foundation was initiated by the peer leaders in recognition of Maddie's Make A Wish experience, during which she spent a day skating with the Bruins players and enjoying a game. In total, $32,045 was raised for the foundation.

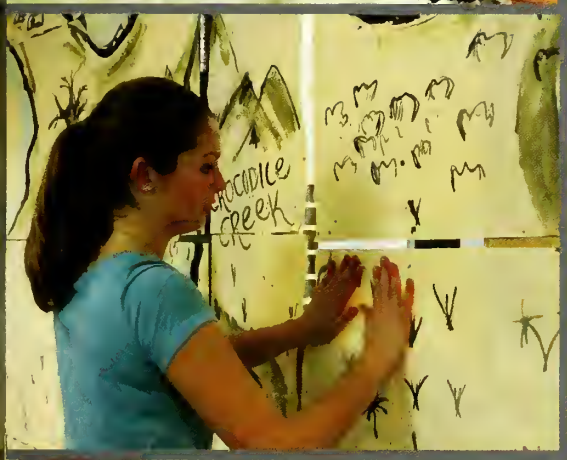
Hall Decorating

Freshmen: Alice in Wonderland

Hall Decorating is a rivalry between the four classes to see who can decorate the best hall within the given theme. This year, Student Council chose movies for the classes to be creative with. The winner of this years' hall decorating was the **Junior** class with a close second by the **Seniors**, followed by the **Sophomores** and finally the **Freshmen**.

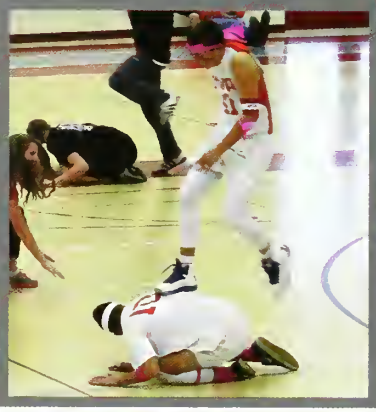
Sophomores: Wizard of Oz

Seniors: Peter Pan



Juniors: Harry Potter

Pep Rally



Above: **Haley Pappas** closes in on **Abby Reblin** during the Powder Puff game. The senior girls dominated the event this year, shutting out the junior girls.

Masconomet students participate in the traditional Pep Rally just before the Thanksgiving break. Some of the events include "wheelie-chair basketball," a tug of war, and a Powder Puff football game between junior and senior girls.

Above: **Ben Dindo** and **Kiana Flak** compete in the leap frog event during the relay races. All four grades compete in this event, the seniors walking away victorious this year.

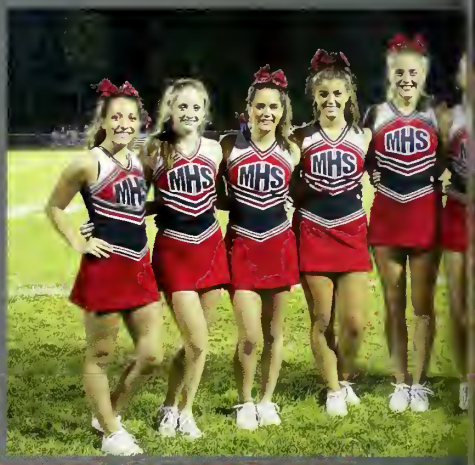
Captains

Nastara Greenberg

Senior Captain **Nastara Greenberg**, described her fourth season as a varsity cheerleader as one that was "focused on coming together and working as a team ." With a late start to their 2014 season, the team recognized that they would have to work extremely hard to achieve their goal of returning to the State Tournament. "I am so proud of all the girls on our team for staying positive and motivated through this difficult season. I couldn't have asked for a better group of girls to end my cheerleading career."



Olivia Bachry, in her second year as a varsity captain, recalled that her team wasn't going to let anything hold them back during her senior season. According to Bachry, "The beginning of the season was tough because we had a new coach, and although we struggled, it made us a stronger team. I am so lucky to have spent my last season with such a hard working group of girls. MVC. One Team. One Family."

Olivia Bachry

Jordyn Murray

Senior **Jordyn Murray**, a two year varsity captain, explained that "Having a rough start to our season has really helped our team come together as one while welcoming in our new coach, Elizabeth Walsh." This season, the team placed third in CAL's as well as second and third at individual competitions. Jordyn expressed her excitement for regionals by saying "we hope that all our hard work and dedication will pay off!" MVC placed seventh overall in the Regional Competition.

Captains

Charlie Gilfeather, a three year varsity runner and 2014 winner of the Cross Country scholarship, expressed his excitement for the beginning of the season saying, "It's always fun introducing the new freshmen to the sport and experiencing all the fun we have during both practices and meets." One of Charlie's goals for the team was to beat the defending top three teams in the league. Although they didn't quite meet their team goals, Charlie was happy to say he accomplished his personal goal of beating his own record and hopes to continue his running career next year in college.

Charlie Gilfeather

Jared Madore

Senior Captain **Jared Madore** excelled past his goals this season by improving upon his personal record at Badley Palmer, Masconomets home course. Madore "loved being a captain" and tried hard to encourage all of the underclassmen to try their best day in and day out. Although Jared does not plan on running next year part of a team, he would like to continue to run noncompetitively.

Captain **Joshua Katz** describes this year's team as "young and full of talent." Katz also believes that in years to come the youthfullness of the team will flourish into a tremendous amount of talent. Similar to his co-captains, Katz wanted Masconomet to be ranked as one of the top three teams in the Cape Ann League. Joshua also received Masconomet's Scholar-Athlete award for the 2013 season and plans to continue to run next year but not at a varsity level.

Joshua Katz

Nathaniel Houston

At the start of the 2014 season Senior Captain **Nathaniel Houston** was determined to run a time below 18 minutes at Masconomet's home course. He was also focused on encouraging the team to gradually improve upon their personal records throughout the season, in order to land a good spot at CALs. Meghan Collins

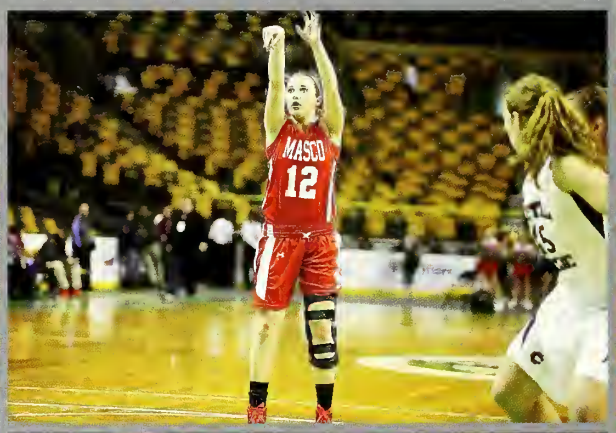
Meghan Collins was looking to put two numbers on the girls basketball banner this year: one for the CAL championship and the other for the state championship. Her personal goals for the season included earning the title of CAL Player of the Year as well as becoming the MVP of the team. This years team consisted of a handful of guards with a lot of speed and agility, but lacking in height, which was somewhat different than past Chieftain teams. This led them to modify their game plan to a "read and react" set, which allowed the speedy players make fast moves towards the hoop. The girls also focused on defense, playing hard and grinding it out, knowing that on nights when their shots weren't landing, their defense could still win them the game for them.

One Heart One Team



Kate Kitsakos

Kate Kitsakos and her team's collective goal was to win a state championship. At the beginning of the season, Kitsakos said the team was planning on putting in work, both in and out of practice, in order to improve their individual and team skills. As a captain, Kitsakos set her goals mostly around the team: being a good captain, exercising her leadership qualities, and making the most of her senior season. She loved the responsibility that came with being a captain, and was "grateful to share the position" with Meghan Collins, her co-captain.

On a typical April 1st, spring sports are in full swing at Masconomet. However, this picture was taken on this April 1st, 2015. As you can see, the baseball field (as well as the other athletic fields) are covered in snow. With a record-setting 110.6 inches of snow, this was the snowiest winter on record in Massachusetts. This caused a delay in the start of spring sports, which in turn caused a delay in the formation of team rosters and the taking of team pictures. The final deadline for creating the yearbook, however, is today, April 2nd, 2015. We scrambled as best we could to take as many team pictures as possible, but Girls Tennis wasn't completely formed yet. We also used spring sports pictures from last year, as not a single game nor match has been played at Masconomet as of today. We apologize for this omission, but we feel confident that we did the best job possible given the extreme circumstances.

Captains

Greg Dougherty

Since the final out of the 2014 State Championship, **Greg Dougherty** has been looking forward to the 2015 season. The outfielder spent this winter doing strength conditioning and practicing with his teammates in preparation for the 2015 season. Among his goals are to win back-to-back state titles, and to be selected as CAL All-League player for the second year in a row. He is "excited to see how the new players will fit in to the roles left by the seniors last year." Dougherty knows that Masco has a target on their back coming off a State Championship season, but he believes that with all the new talent, they will be able to defend it well.

Zach Duval

Zach Duval is looking forward to helping the team defend the 2014 State Championship title from behind the plate. The catcher commented that "the team has a lot of talent this season and I'm excited to see what we will accomplish." Personally, Duval wants to have a good season behind the plate as he has big shoes to fill, taking over Mike Manni's spot as catcher. Even though the team retired ten players through graduation last year, Duval is confident that the team has the talent to replace them and overcome the loss.

Chris Rich

Chris Rich describes this season as "much different than last year due to the graduation of ten players, and breaking in a new group of players who had not been on the varsity team in the past." Coming off of last season's peak of dog piling the pitcher's mound with confetti blasting over the team, Rich is ready to make new memories during the 2015 season. The captain plans to defend the state title with all his effort, attempting to lead his team to their third straight Division 2 North Championship crown.

Elias Varinos

In preparation for the upcoming season, Junior **Elias Varinos** worked out both on his own and with his teammates to get his "hitting, fielding, and physical strength where they needed to be for the season." Varinos wants the team to win another CAL Championship, and make a deep run into the state tournament for the third straight year. The returning starting shortstop hopes to stay healthy, play every game, and do everything he can to help the team win. Varinos is looking optimistically toward this season, seeing opportunities for new players to step up and fill the gaps left by last season's seniors in order to continue the team's success.

Captains

Senior Captain **Casey Maidment**, three year varsity player, states that what she will miss most about softball is "being on a team that is a part of such a great program, and especially seeing my teammates every day." To prepare for the new year, the team got together for extra bonding and practice time during the off-season. Major changes for the team this year include a new coach and many new varsity players. Maidment considers these changes to be "a challenge that the team had to overcome together."

Casey Maidment

Jordyn Murray

Captain **Jordyn Murray**, senior and four year varsity player, states that her team goals for the 2015 season are to "play every game like it is my last and leave it all out on the field." A big change for the team during the 2015 season was a change in the coaching staff. Murray is excited to play under the guidance of new head Coach Julia Witzig and looks forward to see what he will bring to the team.

Senior Captain **Caroline Shamon**, three year varsity player, states that her main personal goal for the season is to "be a role model for her teammates and learn from the mistakes she made on the field." Her most prominent team goal is for the girls "to win another league championship and get another number on the banner hanging in the gym." At the end of the season, Shamon will miss the close bond she has formed with her teammates over the years, and "cannot imagine being on a team with anyone else."

Captains

Corey Tines

Four year varsity player and two-time All-League defensemen Senior Captain **Corey Tines** is looking to having a memorable last season as a Chieftain. "Personally, I want to hold opposing teams to under five goals a game, while also getting some points on the offensive end myself." This season, the team is hoping to win the CAL Championship for a record breaking fifth year in a row and have a successful run in the state tournament at the end of the season. During the off season, many members of the team got ready for the spring season by participating in an indoor league to keep their skills and techniques up to par.

MBLAX

Cameron Jung

Cam Jung, a four year varsity player, is excited about beginning his final season. After losing fourteen seniors last year, Jung hopes to work with the younger players in helping them develop and grow as a team. Entering this season with 147 goals, Cam hopes to break the Masconomet Boys Lacrosse scoring record, needing only 45 goals to do so. He hopes the team wins the CAL Championship for the fifth year in a row. Next year, Jung will continue his lacrosse career playing Division Two at Saint Michael's College in Vermont.

Kevin Gilbert

Senior Captain **Kevin Gilbert**, enters his fourth year on varsity, with high hopes for the season. A Cape Ann League All-Star player during the 2014 season, Gilbert is eager to win yet another CAL Championship. Gilbert's personal goal this season, as a defensive midfielder, is to "get 100 plus ground balls" and enjoy his last season as a Chieftain with the nine other seniors on the team. He comments, "I think we have a strong group of guys and I can't wait to see what the season will bring us."

Cradle The Ball

Captains

Meghan Collins

Four year varsity player **Meghan Collins** expresses her excitement for the upcoming 2015 season saying, "we're going to make this season one to remember." She describes the team as "a young group with only three seniors, but I see a lot of potential from the underclassmen." For her twelfth and final high school varsity sport season, Collins hopes the team will win the CAL Championship, and then move forward to take home the State Championship title.

Caroline Chipman

Senior Captain **Caroline Chipman** states she is eager to begin her final season as a Chieftain before graduating in the spring. "It's going to be hard to replace the five seniors who graduated after the 2014 season, but I am excited to see what the new players will bring and can't wait to get back to playing with the returning girls." Chipman hopes to defend the last two years' CAL Championship titles by winning another. She is striving to make it past the quarter finals in the state tournament this season, which she believes is possible with all of the talent that the team possesses.

Captains

Mark Daniels

Senior Captain **Mark Daniels** hopes for a lot of bonding between his teammates on and off the court this season. In previous years, the team members have grown very close and Daniels hopes to continue this friendship among the 2015 team. To prepare for the season, Daniels and his teammates "attended various clinics during the offseason. Many of them also played United States Tennis Association and club matches, which helped them gear up for the season." One of Daniels' personal goals is to improve overall on his doubles game and to become a more consistent player.

Alexander Mednick-Fizz

Junior Captain **Alex Mednick-Fizz** describes how the team prepares for the season, stating, "some of the players on the team play year-round, so many of them have been preparing for the 2015 season since the end of last season." The team has to adjust their game, as many of the varsity players from last year have graduated. This year's team is full of new and younger players, as well as a new coach, Matt Nardone. Personally, Mednick-Fizz is focusing on being there to support his team, and playing to the best of his ability during every match.

Captains

Maria Alexandrou

Senior Captain **Maria Alexandrou**, when asked about her hopes for the season responded, "This season I hope to obviously win a lot of matches, but also create a tight knit group through a lot of great team bonding experiences other than just going to practice together." She will miss "spending time with all the amazing girls on the tennis team as well as our fantastic and dedicated coaches! I can't think of a better team to have been a part of during my four years at Masco."

Four year varsity player and Senior Captain, **Rebecca Costa**, states that her goals for the 2015 season are "to win, but also have a lot of fun with the team." She is also excited about the season and the big changes to the program, such as their new coaches Kathy Farnham and Bonnie Hunziker. Costa's personal goals are to "try her best and give herself the greatest chance to win every match."

Rebecca Costa

Jaqueline Emmons

Captain **Jackie Emmons** hopes that during her last season on the team "all of the girls will enjoy themselves and have fun showing up everyday because the best seasons are the ones with the closest teams." To prepare for the season, Emmons explains that, "the captains and coaches all worked together for months to try to make the 2015 team better than of all previous teams. In coming up with fundraising ideas and bonding to improve the team dynamic, our hope was that the season would be the best yet."

Captains

Regan Charie

Four year varsity member Senior Captain **Regan Charie** states that "I'm going to miss the team and the program next year, but am fortunate enough to be able to continue to compete for Brandeis University." Regan hopes to go undefeated in the Cape Ann League, winning the CAL Open Championship, as well as to compete in the Elite New England meet for the second time. Last spring, Regan competed in the 200 meter race achieving: 10th place at the All New England, 6th place in the All-State Meet, and 3rd place at the State Meet. Charie is also the reigning two year champion for the 200 meter dash in the Cape Ann League and is hoping for a third win this year. Regan tied the school record for the 100 meter race at 10.9 seconds and beat the 200 meter school record with a time of 21.9 seconds. Charie is a Salem News All-Star and Cape Ann League All-Star runner.

Determined to beat Newburyport, go undefeated in the Cape Ann League, and lead many of his teammates to the state qualifications, Senior Captain **Steve O'Reilly** spent the off season lifting weights and harnessing his technique. Along with successfully throwing the shot put, O'Reilly is the reigning CAL champion for the discus. He earned a spot at both State and All-State meets last spring and intends to return again this spring. O'Reilly also hopes to achieve a spot among the top five discus throwers in the State Championship. O'Reilly is going to miss the "hilarious bus rides and daily talks on the 'red square', my teammates and the program.

Steve O'Reilly

Danny Raphael

Senior Captain **Danny Raphael**, spent the weeks leading up to the season building his upper body strength and going on long distance runs filled with short sprints. Danny would like to improve on his time in the 800 meters by several seconds getting it down to 1:54, breaking the school record of 1:56.1 seconds that was set in the 1960s. As for the team, Raphael would like to see a strong bond within the team, go undefeated in the Cape Ann League, win the CAL open meet, and have a strong participation in the State Meet. As for the future, Danny will miss the team and the track program, but plans to maybe run competitively in college, but will primarily focus on soccer.

Gotta Run

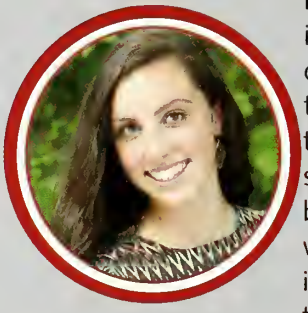
Captains

When asked about her goals for the season, Captain **Makayla Scalli** states, "This year I hope for everyone to enjoy coming to practice and enjoy being a member of the team. I want everyone to have fun!" Scalli is excited to be a captain this year and be a part of such a great team, yet again. In the 2012 and 2013 seasons, Scalli was a Scholar Athlete, which she qualified for by making the honor roll while participating in a varsity sport. She plans on running for a club team at UMass Amherst next year.

Makayla Scalli

Kate Kitsakos

Four year varsity member and Captain **Kate Kitsakos** is "excited to work with the new talent coming in and to see what they can provide" in the 2015 season. The team goal that she has created is to regain their CAL Championship title. Personally, Kitsakos wishes to break her 100 meter personal record and run the race in under 13.0 seconds. One of the many achievements that she accomplished during previous track seasons was being a part of the First Place 4x100m team in the CAL her Sophomore and Junior years.



Megan Richards

To prepare for the 2015 season, captain and four year varsity member **Megan Richards** ran cross country in the fall indoor track in the winter, and also ran during her off season. Her goals for the team are for each person "to improve at their events and have fun during the season." A personal goal of hers is to beat her own record for the long jump which is 16 feet and triple jump which is 32 feet. Richards plans on running track in college, but at an intramural or club level, because it is "something I love to do for fun so I definitely want to keep it up."

MGOT

Abbie Greenslade

Captain **Abbie Greenslade's** biggest goal for the 2015 season is "for the team to have fun. The captains talked a lot about how we could bring the team closer together through fun and exciting activities." Two goals Greenslade has for herself is to break her personal record in the 400 hurdles which is at 67.3 seconds and get to the State Championship. In the 2014 season, Greenslade won the Chieftain Award in outdoor track. She also came in second place at the Cape Ann League Championship during the 2013 season.

Michelle Flaherty

Senior Captain **Michelle Flaherty** first joined track during the 2014 season and ran the 800 and the 1000 meter races, but she enjoys long distance relays the most because of the team aspect. Flaherty has achieved Althete of the Week as well as Scholar Athlete each season. It is Michelles's hope that during the 2015 season, the team has fun and enjoys coming to practice every day. She wants to plan "some fun activities after practice, like team breakfasts, dinners, and Lazer Craze," to build a strong bond among the team.

Connor Whiffen

Michael Caputo

MU

When asked what excites him about the 2015 season, Senior Captain **Connor Whiffen** states that "we will be going to four tournaments: The Andover Invite, The Amherst Invite, Northeasterns, and the D1 State Championships, so we're all really excited to have such a strong lineup of games ahead of us." Whiffen hopes to follow in the footsteps of last year's A Team by placing highly in those four tournaments with the help of the new players coming in. In the 2014 season, the A Team won the Northeastern Regional Tournament and the Massachusetts State Tournament. They were also the top ranked team in all of New England and rated the third best high school Ultimate team in the entire country. Whiffen plans to continue his frisbee career and play Ultimate at Loyola University of Chicago next year.

Captain **Mike Caputo** is returning to the A Team for his third year and looks forward to "the team bonding, whether it's going out to eat or going to some place like Skyzone together." Caputo prefers that the team not consider how well they did in the 2014 season, but instead focus on what they can achieve in the 2015 season. "I want to be able to provide leadership for my team when needed and help guide the younger players through any struggles they may face on or off the field." Caputo has always been a key player on his Ultimate teams, ever since winning the unsung hero award freshman year for the B Team. He was a part of the 2014 A Team when they won the Northeastern Regional Tournament and the Massachusetts State Tournament. In college, he plans on playing Ultimate for Purdue University.

OFF1CER5

President
Mark Daniels

"It has been an amazing experience being the President of our class for the past four years. We have always been an enthusiastic and dedicated group of people, but our years in high school definitely brought us even closer together than we had been in the past, between Hall Decorating, semi, prom, Frolics...the list goes on. I can't believe how fast the time has gone by, and it will be tough not seeing the same faces around every day. However, everyone in the Class of 2015 has a bright future ahead and I'm looking forward to seeing where everyone ends up."

Vice President
Wes Farmer

"It has been an incredible experience watching the class of 2015 grow in the past four years and being a part of it. We hit the ground running freshman year and it wasn't long before we were known as one of the best classes to come through Masconomet. I wouldn't have wanted to spend the past four years with anyone else but the members of this class. Don't forget that this is only the beginning, the possibilities are endless, and to dream big!"

SAB
Isabelle Yabe

"High school would not have been nearly as memorable had I not been the SAB for the Class of 2015. Not only have I learned so much, but I felt blessed to present at school committee meetings on the great things we had going on; it was easy to show off a class like ours. This group is composed of some of the most talented, passionate, enthusiastic, and impressive people I have and ever will come across. I'm overwhelmingly thankful for my classmates as well as the officers, advisors, teachers and many others who have had such a huge impact on me. There's nothing I look forward to more than seeing what this class is capable of in the future. Thank you, XV."

Treasurer
Drew Wendel

"I have loved being the class Treasurer for the past four years. I am so proud of everything our class has done and the ways in which we have grown together throughout our high school experience. It has been so fun being able to work with such an awesome group of people, and I am so grateful that I got to have the opportunity! I cannot wait to see all the great things that the members of the Class of 2015 accomplish in the years to come."

Secretary
Elise Fabbri

"Being secretary for the Class of 2015 has been one of the most memorable experiences throughout high school and one that has taught me so much. I am so grateful to have been a leader for such a fun, hardworking, and passionate class that has truly made these past four years go by faster than I ever would have imagined. High school would not have been the same without the other officers, our dedicated advisors and all our support from the Masco community. Thanks for everything, Class of 2015! You will all do great things. "

Ms. Stanley and Mrs. Deorocki

Mrs. Deorocki and Ms. Stanley have worked tirelessly for he past four years to help our class put together emorable events and fundraisers. Since freshman year, ney have been supportive, dedicated, and driven to help reate the best four years of high school possible. Their ard work, sense of humor, and enthusiasm for what they o provided the Class of 2015 with a very emorable high school experience. Even ith their demanding schedules, Mrs. eorocki and Ms. Stanley set aside valuable me to help the class officers put together vents that the class will remember for ears to come. Despite tiring early morning eetings and stressful periods of time ading up to almost every event, these two lfless teachers always worked their ardest to make sure that their class would njoy themselves and create amazing emories. Much of the reason so many embers of the Class of 2015 will miss their gh school years is because of the ommitment Mrs. Deorocki and Ms. anley put in, and for at, we are forever ateful.

Looking back all these years later, I realize that putting some pertinent information in my senior square would have been a good idea. However, at the time, I was so busy trying to be different that I thought I was too cool/hipster to make one.

If I had the chance to do one now, at this present (or futuristic to you) time, I'd probably do things a little differently. For one, I'd thank some of the people who helped me along the way. Maybe my teachers, or a friend I might have had.

Now that I think of it, I don't really have too many good memories of high school at all, and I'm starting to think that I should just repeat my high school decision not to submit a square, so If you're reading this, my senior square is included below:

Who therewith angry, when it next came there,
Took it in snuff: and still he smiled and talk'd,
And as the soldiers bore dead bodies by,
He call'd them untaught knaves, unmannerly,
To bring a slovenly unhandsome corse
Betwixt the wind and his nobility.
With many holiday and lady terms
He question'd me; amongst the rest, demanded
My prisoners in your majesty's behalf.
I then, all smarting with my wounds being cold,
To be so pester'd with a popinjay,
Out of my grief and my impatience,
Answer'd neglectingly I know not what,
He should or he should not; for he made me mad
To see him shine so brisk and smell so sweet
And talk so like a waiting-gentlewoman
Of guns and drums and wounds. God save the mark!--

I would like to thank **my mom** for her unconditional love and support all these years and for never giving up on me, **my dad** for making me push harder and work longer to become the best I could be, and my brothers **Brian & Tim** for being such great role models and the two best siblings even when I was being a little p.i.ta. I wouldn't dare trade you guys in for anything. To **my friends**, thanks for making high school so memorable ♥

Kaitlin Dierze

I really want to thank my parents, friends, teachers, as well as anyone else who has supported me through my high school career. I hope to achieve great things in life, using every ounce of support to push myself as far as I can go.

And as the soldiers bore dead bodies by,
He call'd them untaught knaves, unmannerly,
To bring a slovenly unhandsome corse

He question'd me; amongst the rest, demanded
My prisoners in your majesty's behalf.
I then, all smarting with my wounds being cold,
To be so pester'd with a popinjay,
Out of my grief and my impatience,
Answer'd neglectingly I know not what,
He should or he should not; for he made me mad
To see him shine so brisk and smell so sweet
And talk so like a waiting-gentlewoman

Thank you for unconditionally supporting me. I would not be anywhere near where I am today without your love and the opportunities that you have provided for me to grow as a person.

Dylan:

You taught me to question everything, to take risks, and to never compromise who I am.

I could not have chosen a better group of people to be able to grow up with and call my friends. These past few years have been amazing and that is all thanks to you guys; the people who pushed me to exceed my limits, laughed at my stupid jokes, listened to my outlandish stories, and became my second family. Stay amazing, take risks, reach your goals and exceed them. Love you all so much.

It's funny how some distance,
makes everything seem small.
And the fears that once controlled
me, can't get to me at all
It's time to see what I can do,
to test the limits and break through.
No right, no wrong, no rules for me.
I'm free!
Let it go, let it go!
Can't hold it back any more.
Let it go, let it go!

Looking back all these years later, I realize that putting some pertinent information in my senior square would have been a good idea. However, at the time, I was so busy trying to be different that I thought I was too cool/hipster to make one.

If I had the chance to do one now, at this present (or futuristic to you) time, I'd probably do things a little differently. For one, I'd thank some of the people who helped me along the way. Maybe my teachers, or a friend I might have had.

Now that I think of it, I don't really have too many good memories of high school at all, and I'm starting to think that I should just repeat my high school decision not to submit a square, so if you're reading this, my senior square is included below:

Hello Readers,

Unfortunately I was unable to create a personal senior square due to my high concentration on living up my final year of high school. Obviously if I had more time, I would like to say thanks to a bunch of you who probably affected my life in some way. Shoutsout to my guardians. Shoutsout to others who lived in my house. Shoutsout to my pets (if applicable). Shoutsout to teachers and/or friends who I've interacted with through the years. Onto bigger or smaller things!

I remember the first day of Freshman Orientation. I was new to Masco and my classmates made me feel very welcomed. Some of my favorite memories were the freshman walk, hall decorating, Prom, and going to Spain. I also enjoyed clubs such as GIV and Habitat for Humanity. Starting up Cornerstone Bible club was wonderful. I sang in Chorus for four years, and some of my favorite memories are the Christmas concerts. These concerts were truly beautiful and I looked forward to them each year. I want to say a BIG thank you to all my teachers and to my parents, who helped me thrive throughout high school!

It's funny how some distance,
makes everything seem small.
And the fears that once controlled
me, can't get to me at all
It's time to see what I can do,
to test the limits and break through.
No right, no wrong, no rules for me.
I'm free!
Let it go, let it go!
Can't hold it back any more.
Let it go, let it go!
Turn away and slam the door.
I don't care what they're going to
say.
Let the storm rage on.
The cold never bothered me
anyway.

Would blow you through and through.

Become your time of day; and yours, and yours,

Your maidenheads growing: O Proserpina,
For the flowers now, that frighted thou let'st fall
From Dis's waggon! daffodils,
That come before the swallow dares, and take

Who therewith angry, when it next came there,
Took it in snuff; and still he smiled and talk'd,
And as the soldiers bore dead bodies by,
He call'd them untaught knaves, unmannerly,
To bring a slovenly unhandsome corse
Betwixt the wind and his nobility.
With many holiday and lady terms
He question'd me; amongst the rest, demanded
My prisoners in your majesty's behalf.
I then, all smarting with my wounds being cold,
To be so pester'd with a popinjay,
Out of my grief and my impatience,
Answer'd negleetingly I know not what,
He should or he should not; for he made me mad
To see him shine so brisk and smell so sweet
And talk so like a waiting-gentlewoman
Of guns and drums and wounds God save the mark!--

Looking back all these years later, I realize that putting some pertinent information in my senior square would have been a good idea. However, at the time, I was so busy trying to be different that I thought I was too cool/hipster to make one.

If I had the chance to do one now, at this present (or futuristic to you) time, I'd probably do things a little differently. For one, I'd thank some of the people who helped me along the way. Maybe my teachers, or a friend I might have had.

Now that I think of it, I don't really have too many good memories of high school at all, and I'm starting to think that I should just repeat my high school decision not to submit a square, so if you're reading this, my senior square is included below:

Good times at Masconomet. Thanks Mom and Dad for a great education! I appreciate everything you've done for me.

Christopher Popielski

It's so surreal that I will be leaving Masconomet and heading off to college within a matter of months, Being part of the class of 2015 is the best memory I will have leaving this school and knowing that we will all go our separate ways is sad. I had so many great experiences at Masco, whether it be going to the football games with friends or having a laugh in class. The teachers are great, they have been so supportive and I can't thank them enough for that. Mom, dad, words cannot describe how thankful and lucky I am to have you as parents. You have always encouraged me to follow my dreams and to never give up. Theo, Deme, and Maria, you all are the best older siblings a girl could ask for. You all are truly my role models in different ways and I can only hope to be as successful as you all are someday. And Pamela, your journey is just beginning, enjoy every moment of high school because these next four years of your life will fly by. Have fun but work hard! And to all my friends, I couldn't have asked for a better group. I am so thankful to have met you all and to have grown up with you. You girls truly are the best! (M.A., J. M., M. R., R. C., C. Looking back all these years later, I realize that putting some pertinent information in my senior square would have been a good idea. However, at the time, I was so busy trying to be different that I thought I was too cool/hipster to make one.

If I had the chance to do one now, at this present (or futuristic to you) time, I'd probably do things a little differently. For one, I'd thank some of the people who helped me along the way. Maybe my teachers, or a friend I might have had.

Now that I think of it, I don't really have too many good memories of high school at all, and I'm starting to think that I should just repeat my high school decision not to submit a square, so if you're reading this, my senior square is included below:

Mom & Dad: I can't thank you enough for everything you've done for me. You've been to all my games and are there for me in every way you can be. You may think I don't notice how much you do, but trust me, I love you and I am thankful for it every day.
Ryan: Through good and bad times we've always stayed close. You've taught me an incredible amount of things that I will never forget. You were my biggest role model and helped make me the person I am today. I could never imagine a better brother.
Nicole: I'll always thank you for all the support you've given me. We've had some great moments like the chocolate incident. It's been nice having you as a sister.
Soccer: I've had some of the best times of my life with you guys. I've learned so much and will always miss the past 4 years I've had in with all of you. I love you guys.
Friends: We've shared some fun times together and you guys are a great group of kids. Thanks for the great memories.

The limitation of riots, moral questions aside, is that they cannot win and their participants know it. Hence, rioting is not revolutionary but reactionary because it invites defeat. It involves an emotional catharsis, but it must be followed by a sense of futility.

Have fun Bubby, I love you so much! **My Ace Gymnastics Family**- Most of you don't go to Masco but you all have made such a huge impact on my high school career I had to include you. You guys are so amazing and truly life long friends, I will miss you unreal amounts (-xoxo Murt) **Masco Seniors**- I've been so lucky to get to know so many amazing people who have made Masco so fun. Who therewith angry, when it next came there,
Took it in snuff: and still he smiled and talk'd,
And as the soldiers bore dead bodies by,
He call'd them untaught knaves, unmannerly,
To bring a slovenly unhandsome corse
Betwixt the wind and his nobility.
With many holiday and lady terms
He question'd me; amongst the rest, demanded
My prisoners in your majesty's behalf.
I then, all smarting with my wounds being cold,
To be so pester'd with a popinjay,
Out of my grief and my impatience,
Answer'd neglectingly I know not what,
He should or he should not; for he made me mad
To see him shine so brisk and smell so sweet
And talk so like a waiting-gentlewoman
Of guns and drums and wounds. God save the mark!

Looking back all these years later, I realize that putting some pertinent information in my senior square would have been a good idea. However, at the time, I was so busy trying to be different that I thought I was too cool/hipster to make one.

If I had the chance to do one now, at this present (or futuristic to you) time, I'd probably do things a little differently. For one, I'd thank some of the people who helped me along the way. Maybe my teachers, or a friend I might have had.

Now that I think of it, I don't really heve too many good memories of high school at all, and I'm starting to think that I should just repeat my high school decision not to submit a square, so if you're reading this, my senior square is included below:

...(crickets)
